About us:
The mission of Scuba Club is to foster stewardship to marine ecosystems by seeing them through a new [underwater] perspective. In addition to learning how to scuba dive, we participate in marine conservation projects.

Activities and Plans
- Host a “Try Scuba” so anyone can try breathing underwater
- Underwater beach clean ups
- Field trips to the beach and aquarium
- Engage in certification classes
- Underwater Scavenger Hunt

For more information contact Scuba Club President Nick Peck or Secretary Julie Jackson
