Sualseros

SUA’s one and only latin dance club

Our mission is to share our love of life, passion, and dance through every performance. We not only wish to inspire, but move people to jubilation, ignite a passion to enjoy and live life to its highest potential through our performances. Without uttering a word, we will move our audience to deep emotion. We will be a cause for joy in their lives.

2014-2015 Goals

- To unite the Soka community through Latin dance and to culturally inspire the community with different types of dances throughout Latin America.
- To have our members become socially aware of cultural differences through dance.
- To teach that working together for a common goal can be beneficial and fun at the same time.
