HEALTH CARE REFORM NOTICE
This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Review Services, we may be required to make additional changes to this summary of benefits.

STUDENT HEALTH PLAN
Promotion of good health for our students has always been our concern. This brochure summarizes how the Student Health Insurance Plan works, what it covers and how the plan will help you with medical costs. After you’ve read about the Student Health Insurance Plan, keep these important facts in mind:

- Keep your insurance card with you at all times, and show it to the doctor or hospital when you seek medical treatment.
- Learn about your College’s Student Health Center (SHC), its location, hours of operation, and the types of services it offers. Whenever possible, go first to your College’s SHC for treatment during their regular hours of operation. They can help you locate medical providers when you need additional care or specialists.
- You may choose any provider you wish, but if you would like to use a Prudent Buyer provider, you can locate them on the web at www.anthem.com/ca or call (800) 888-2108. Choosing a Prudent Buyer provider may lower your out-of-pocket costs significantly.

The insurance covers expenses arising from covered Accidents and Sickness, whether sustained at the College or elsewhere, during the entire policy term. The insurance also provides benefits for hospital treatment or surgery. Health insurance is the best way to protect your budget from health care costs. Even a short hospital stay can cost more than an entire year’s tuition. This will help relieve the parent or student of the financial drain which normally accompanies this type of unanticipated expense. The Master Policy has some limitations and these should be noted.

WHEN COVERAGE BEGINS
Coverage under the Plan will become effective at 12:01 a.m. on the later of:
- The Master Policy effective date;
- The beginning date of the term for which premium has been paid;
- The day after the Enrollment Form (if applicable) and premium payment are received by Wells Fargo Insurance, Authorized Agent or University;
- The day after the date of postmark if the Enrollment Form is mailed.

IMPORTANT NOTICE - Premiums will not be pro-rated if the Insured Person enrolls past the first date of coverage for which he or she is applying. The below enrollments will be allowed a 30 day grace period from the term start date to enroll whereby the effective date will be backdated a maximum of 30 days to the earlier of: the term start date or up to 30 days prior to the effective date as otherwise determined above (no policy shall ever start prior to the term start date):
1. All hard-waiver and mandatory (insurance is required as a condition of enrollment on campus) insurance programs.
2. All re-enrollments into the same exact policy if re-enrollment occurs within 30 days of the prior policy termination date.

WHEN COVERAGE ENDS
Insurance of all Insured Persons terminates at 12:01 a.m. on the earlier of:
- On the date this Policy is terminated;
- On the premium due date if the required premium for the Insured Person is not paid, except as a result of inadvertent error;
- As of the date the Insured Person enters military service, in which case a pro-rata refund of premium will be made to such Insured Person;
- On the date the Insured Person no longer qualifies under the Description of Class as shown in the Schedule of Eligible Classes;
- On the last day the Insured Student is required to be on campus at the Policyholder or, if the Policyholder has so elected, the anniversary of the Policyholder’s Policy.

COVERAGE IS NOT AUTOMATICALLY RENEWED. Eligible Persons must re-enroll when coverage terminates to maintain coverage. No notification of plan expiration or renewal will be sent.

IMPORTANT NOTICE
This is just a brief description of your benefits. For information regarding the full Master Policy (which includes plan benefits, exclusions and limitations, and information about refund requests, how to file a claim, mandated benefits and other important information) please call Anthem Blue Cross Life and Health Insurance Company at 800-888-2108 or call Wells Fargo Insurance at 800-853-5899. You will be able to obtain a copy of the full Master Policy as soon as it is available.
PREMIUM REFUND/CANCELLATION

Refund requests should be directed to Wells Fargo Insurance at (800) 853-5899 or via email at studentinsurance@wellsfargo.com.

A refund of premium will be granted for the reasons listed below only. No other refunds will be granted.

1. If you withdraw from school within the first 45 days of the coverage period, you and your insured dependents will receive a full refund of the insurance premium provided that you and your insured dependents did not file a medical claim during this period. Written proof of withdrawal from the school must be provided. If you withdraw after 45 days of the coverage period, your and your insured dependents’ coverage will remain in effect until the end of the term for which you have paid the premium.

2. If you or your insured dependents enter the armed forces of any country you and your insured dependents will not be covered under the Master Policy as of the date of such entry. If you enter the armed forces the policy will be cancelled. If your dependent enters the armed forces, a pro-rata refund of premium will be made for such person, upon written request received by Wells Fargo Insurance Services within 45 days of entry into service.

3. Refunds will be granted for insured dependents in case of a qualifying event such as legal separation, divorce or death within 31 days of the occurred event, provided that your insured dependents did not file a medical claim during the insured period. Written proof of such qualifying event must be submitted. Refunds will not be prorated.

INSURANCE PAYMENTS WITH PERSONAL CHECK

(Note: personal checks are not always a payment option. Please check your school’s enrollment form for available payment options.) If you make your or your dependents’ insurance payment via personal check payable to Wells Fargo Insurance and we are unable to process the check (due to insufficient funds, closure of account, etc.), your and your dependents’ insurance coverage will be terminated retroactive to the effective date of the enrolled term.

ELIGIBILITY

All international and study abroad students are required and automatically enrolled in this insurance plan at registration, and the premium for coverage is added to their tuition billing.

All students from the United States are automatically enrolled in this insurance plan at registration and the premium for coverage is added to their tuition billing unless proof of comparable coverage is furnished.

Students must actively attend classes for at least the first 45 days after the date for which coverage is purchased. Please note that course credits received from TV, internet, video, satellite or any off-campus classes do not fulfill the eligibility requirements. Coverage is also available for students engaged in “Practical Training.” Enrollment must be accompanied by confirmation of Practical Training from the insured in the form of a copy of your EAD. Contact Wells Fargo Insurance Services’ Customer Service for more details. If Anthem Blue Cross and/or Wells Fargo Insurance discover the Eligibility requirements have not been met, the only obligation is a refund of premium. Eligible students who involuntarily lose coverage under another group insurance plan are also eligible to purchase the Student Health Insurance Plan within 30 days of loss of coverage. These students must provide Wells Fargo Insurance Services with proof that they have lost insurance through another group (certificate and letter of ineligibility) within 30 days of the qualifying event. The effective date would be the later of the date after the student enrolls and pays the premium or the date after prior coverage ends.

Rates include premium payable to Anthem Blue Cross Life and Health Insurance Company, as well as administrative fees payable to Soka University and Wells Fargo Insurance. Rates also include Medical Evacuation and Repatriation and Worldwide Emergency Travel Assistance benefits/services provided through On Call International and its contracted underwriting companies.

PPO PRUDENT BUYER NETWORK

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. Covering all California ZIP codes, the Prudent Buyer network is the most geographically extensive PPO network in the state. The suitcase icon on your Medical ID card indicates that this plan can be used outside of California. The PPO network allows Insured’s easy access to a wide range of medical providers. Insured’s have the option to receive care from a provider who is not participating in the PPO network. The trade-off is higher out-of-pocket expenses.

Participating providers (PPO Providers) agree to provide services to covered persons at discounted rates as payment in full. This is the incentive for Insured’s to use PPO providers and protects them from being balance-billed (except for coinsurance, co-payments and deductible amounts). Providers working within a PPO facility (ex. a hospital) may not always be PPO providers. You should request that all of your provider services be performed by a PPO Provider when you use a PPO facility. When Non-PPO providers are used, you may be subject to higher out-of-pocket expenses.

Additionally, PPO physicians agree to admit their patients to network hospitals, guaranteeing that discounted charges and utilization management savings will occur. With no claim forms to file, Insured’s can focus on their health, not paperwork.

Insured’s can find a PPO physician in their area by calling Anthem at (800) 888-2108, or by accessing the “Find a Doctor” link on www.anthem.com/ca.

CERTIFICATE OF CREDITABLE COVERAGE

Your coverage under this Insurance Plan is creditable coverage under Federal Law. When your coverage terminates, you can request a Certificate of Creditable Coverage, which is evidence of your coverage under this health insurance plan. You need such certificate if you become covered under a group health plan or other health plan within 62 days after your coverage under this health insurance plan terminates. If the subsequent health plan excludes or limits coverage for medical conditions you have before you enroll, this certificate may be used to reduce or eliminate those exclusions or limitations. A Certificate of Creditable Coverage may be requested in writing from Wells Fargo Insurance.

CONTINUOUS COVERAGE

This Plan may be replacing a Prior Plan with another insurer. Prior Plan means (a) the Student Health Insurance policy or policies issued to the California State University immediately before the current Policy; (b) other policies providing Creditable Coverage as defined in this Plan. Injury or Sickness shall include an Injury sustained, or a Sickness first manifesting itself, while the Insured Person is continuously insured under the Prior Plan and became insured under this Plan without a break in coverage. But no benefits shall be payable for such Injury or Sickness to the extent that such benefits are payable under the Prior Plan for the same expenses. This will apply even though the Prior Plan provided that it will not duplicate the benefits under another Policy. Also, the total amount of benefits payable for Injury or Sickness under this Plan and the Prior Plan cannot exceed the Per Condition Aggregate Maximum.

EXCESS COVERAGE

The Insurer will reduce the amount payable under The Master Policy to the extent expenses are covered under any Other Plan. The Insurer will determine the amount of benefits provided by Other Plans without reference to any coordination of benefits, non-duplication of benefits, or other similar provisions. The amount from Other Plans includes any amount to which the Covered Person is entitled, whether or not a claim is made for the benefits. The Master Policy is secondary coverage to all other policies.

ID CARDS

Medical ID cards may be shipped before or within 3 weeks of your policy effective date. New ID cards will not be sent if you are renewing coverage with Anthem Blue Cross Life and Health and there are no benefit changes between plan years. Providers need your Member ID # from your ID card to identify you, verify your coverage and bill Anthem Blue Cross Life and Health. If you need to seek medical treatment prior to receiving your ID card, please use the temporary card and write in your Member # or call Wells Fargo Insurance at (800) 853-5899 to obtain your Member #. Renewing students will maintain the same Member #. Without a Member ID you can still seek medical treatment and submit a claim form for reimbursement.

CONTINUATION OF BENEFITS AFTER TERMINATION

Anthem Blue Cross Life and Health will extend benefits under The Master Policy for 30 days after the Insured’s coverage would otherwise end if on that date he or she is 1) Hospital Confined for an Injury or Sickness covered by The Master Policy, and 2) under a doctor’s care. Any benefits payable under this provision will not exceed the benefit maximums shown in the Schedule of Benefits. The cost of the Continuation of Benefits is one month’s premium.

HOW DO I FILE A CLAIM?

Usually, all providers of healthcare will bill Anthem Blue Cross Life and Health directly for services to Insureds. This is the preferred procedure - you are not bothered with claim forms, and Anthem Blue Cross Life and Health often needs more details than are ordinarily provided on bills to patients.

But sometimes a physician or an ambulance company may not bill Anthem Blue Cross Life and Health and may send the bill directly to you. Also, your Student Health Services and pharmacies will not bill Anthem Blue Cross Life and Health.

In these instances, Anthem Blue Cross Life and Health has no way of knowing about your claim. So, you must mail the bills to Anthem Blue Cross Life and Health within 90 days of treatment and include a claim form. Claim forms are available at www.anthem.com You are urged to send Anthem Blue Cross Life and Health each bill immediately upon receipt. Mail to:

Anthem Blue Cross Life and Health Insurance Company
P.O. Box 60007
Los Angeles, CA 90060

Complete instructions for use of the claim form are on the form.

REIMBURSEMENT FOR ACTS OF THIRD PARTIES

Under some circumstances, an insured person may need services under this plan for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, the insurer will provide the benefits of this plan subject to the following:

1. The Insurer will automatically have a lien, to the extent of benefits provided, upon any recovery, whether by settlement, judgment or otherwise, that you receive from the third party, the third party’s insurer, or the third party’s guarantor. The lien will be in the amount of benefits the Insurer has paid under this plan for the treatment of the illness, disease, injury or condition for which the third party is liable.

2. You must advise the Insurer in writing, within 60 days of filing a claim against the third party and take necessary action, furnish such information and assistance, and execute such papers as the Insurer may require to facilitate enforcement of their rights. You must not take action which may prejudice the Insurer’s rights or interests under your plan. Failure to give the Insurer such notice or to cooperate with the Insurer, or actions that prejudice the Insurer’s rights or interests will be a material breach of this plan and will result in your being personally responsible for reimbursing the Insurer.

3. The Insurer will be entitled to collect on their lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.
ARBITRATION AGREEMENT

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or The Master Policy or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute or claim within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act will govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision.

The insured person and Anthem Blue Cross Life and Health agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The insured person and Anthem Blue Cross Life and Health agree to give up the right to participate in class arbitration against each other.

The arbitration findings will be final and binding except to the extent that California or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the insured person making written demand on Anthem Blue Cross Life and Health. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the insured person and Anthem Blue Cross Life and Health, or by order of the court, if the insured person and Anthem Blue Cross Life and Health cannot agree. The arbitration shall be held in the State of California.

To get a prescription filled, you will only need to take your prescription to a participating pharmacy and present your member ID card. The amount you pay for a covered prescription — your co-pay — will be determined by whether the drug is a brand-name or generic medication and whether it is a formulary or non-formulary medication.

A generic drug contains the same effective ingredients, meets the same standards of purity as its brand-name counterpart and typically costs less. In many situations, you have a choice of filling your prescription with a generic medication or a brand-name medication.

The plan’s formulary is a list of approximately 600 recommended brand and generic medications. These medications have undergone extensive review for therapeutic value for a particular medical condition, safety and cost. Copies of the formulary list are furnished to your providers and are available online at www.anthem.com/ca. You or your provider may also contact Anthem Blue Cross Life and Health’s Customer Service at (800) 700-2541.

The Prescription Drug Benefit covers the following:
- Outpatient prescription drugs and medications which the law restricts to sale by prescription. Formulas prescribed by a physician for the treatment of phenylketonuria. These formulas are subject to the copay for brand name drugs.
- Insulin. Syringes when dispensed for use with insulin and other self-injectable drugs or medications.
- Prescription contraceptives; including oral contraceptive, diaphragms, and patches. Contraceptives may be covered as preventive care services. In order to be covered as preventive care, the contraceptives must be generic drugs or single source brand name drugs that you get from a Retail Pharmacy or through the home delivery program.
- Injectable drugs which are self-administered by the subcutaneous route (under the skin) by the patient or family member. Drugs that have Food and Drug Administration (FDA) labeling for self-administration.
- All compound prescription drugs that contain at least one covered prescription ingredient.
- Diabetic supplies (i.e., test strips and lancets).
- Inhaler spacers and peak flow meters for the treatment of pediatric asthma, subject to the brand name copay.
- Certain over-the-counter drugs approved by the Pharmacy and Therapeutics Committee to be included in the prescription drug formulary.

Information that’s important to you
Every year, we’re required to send you specific information about your rights, your benefits and more. This can use up a lot of trees, so we’ve combined a couple of these required annual notices. Please take a few minutes to read about:

- State notice of privacy practices
- HIPAA notice of privacy practices
- Breast reconstruction surgery benefits

Want to save more trees? Go to anthem.com/ca and sign up to receive these types of notices by e-mail.

State notice of privacy practices
As mentioned in our Health Insurance Portability and Accountability Act (HIPAA) notice, we must follow state laws that are stricter than the federal HIPAA privacy law. This notice explains your rights and our legal duties under state law. This applies to life insurance benefits, in addition to health, dental and vision benefits that you may have.

Your personal information
We may collect, use and share your nonpublic personal information (PI) as described in this notice. PI identifies a person and is often gathered in an insurance matter. We may collect PI about you from other persons or entities, such as doctors, hospitals or other carriers. We may share PI with persons or entities outside of our company — without your OK in some cases. If we take part in an activity that would require us to give you a chance to opt out, we will contact you. We will tell you how you can let us know that you do not want us to use or share your PI for a given activity. You have the right to access and correct your PI. Because PI is defined as any information that can be used to make judgements about your health, finances, character, habits, hobbies, reputation, career and credit, we take reasonable safety measures to protect the PI we have about you. A more detailed state notice is available upon request. Please call the phone number printed on your ID card.

HIPAA notice of privacy practices
This notice describes how health, vision and dental information about you may be used and disclosed, and how you can get access to this information with regard to your health benefits. Please review it carefully. We keep the health and financial information of our current and former members private, as required by law, accreditation standards and our rules. This notice explains your rights. It also explains our legal duties and privacy practices. We are required by federal law to give you this notice.

Your Protected Health Information
We may collect, use and share your Protected Health Information (PHI) for the following reasons and others as allowed or required by law, including the HIPAA Privacy rule:

For payment: We use and share PHI to manage your account or benefits; or to pay claims for health care you get through your plan. For example, we keep information about your premium and deductible payments. We may give information to a doctor’s office to confirm your benefits.

For health care operations: We use and share PHI for our health care operations. For example, we may use PHI to review the quality of care and services you get. We may also use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes or traumatic injury.

For treatment activities: We do not provide treatment. This is the role of a health care provider, such as your doctor or a hospital. But, we may share PHI with your health care provider so that the provider may treat you.

To you: We must give you access to your own PHI. We may also contact you to let you know about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other products or programs for which you may be eligible. This may include individual coverage. We may also send you reminders about routine medical checkups and tests.

To others: You may tell us in writing that it is OK for us to give your PHI to someone else for any reason. Also, if you are present and tell us it is OK, we may give your PHI to a family member, friend or other person. We would do this if it has to do with your current treatment or payment for your treatment. If you are not present, if it is an emergency, or you are not able to tell us it is OK, we may give your PHI to a family member, friend or other person if sharing your PHI is in your best interest.

As allowed or required by law: We may also share your PHI, as allowed by federal law, for many types of activities. PHI can be shared for health oversight activities. It can also be shared for judicial or administrative proceedings, with public health authorities, for law enforcement reasons, and with coroners, funeral directors or medical examiners (about decedents). PHI can also be shared with organ donation groups for certain reasons, for research, and to avoid a serious threat to health or safety. It can be shared for special government functions, for Workers’ Compensation, to respond to requests from the U.S. Department of Health and Human Services, and to alert proper authorities if we reasonably believe that you may be a victim of abuse, neglect, domestic violence or other crimes. PHI can also be shared as required by law. If you are enrolled with us through an employer-sponsored group health plan, we may share PHI with your group health plan. We and/or your group health plan may share PHI with the sponsor of the plan. Plan sponsors that receive PHI are required by law to have controls in place to keep it from being used for reasons that are not proper.

Authorization: We will get an OK from you in writing before we use or share your PHI for any other purpose not stated in this notice. You may take away this OK at any time, in writing. We will then stop using your PHI for that purpose. But, if we have already used or shared your PHI based on your OK, we cannot undo any actions we took before you told us to stop.

Genetic Information: If we use or disclose PHI for underwriting purposes, we are prohibited from using or disclosing PHI that is genetic information of an individual for such purposes.

Your rights
Under federal law, you have the right to:

- Send us a written request to see or get a copy of certain PHI, or ask that we correct your PHI that you believe is missing or incorrect. If someone else (such as your doctor) gave us the PHI, we will let you know so you can ask him or her to correct it.
- Send us a written request to ask us not to use your PHI for treatment, payment or health care operations activities. We are not required to agree to these requests.
- Give us a verbal or written request to ask us to send your PHI using other means that are reasonable. Also, let us know if you want us to send your PHI to an address other than your home if sending it to your home could place you in danger.
- Send us a written request to ask us for a list of certain disclosures of your PHI.

Call Customer Service at the phone number printed on your identification (ID) card to use any of these rights. Customer Service representatives can give you the address to send the request. They can also give you any forms we have that may help you with this process.

How we protect information
We are dedicated to protecting your PHI, and have set up a number of policies and practices to help make sure your PHI is kept secure. We keep your oral, written and electronic PHI safe using physical, electronic, and procedural means. These safeguards follow federal and state laws. Some of the ways we keep your PHI safe include securing offices that hold PHI, password protecting computers, and locking
storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. These policies limit access to PHI to only those employees who need the data to do their job. Employees are also required to wear ID badges to help keep people who do not belong out of areas where sensitive data is kept. Also, where required by law, our affiliates and nonaffiliates must protect the privacy of data we share in the normal course of business. They are not allowed to give PHI to others without your written OK, except as allowed by law.

Potential impact of other applicable laws

HIPAA (the federal privacy law) generally does not preempt, or override, other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to provide you with more privacy protections, then we must also follow that law in addition to HIPAA.

Complaints

If you think we have not protected your privacy, you can file a complaint with us. You may also file a complaint with the Office for Civil Rights in the U.S. Department of Health and Human Services. We will not take action against you for filing a complaint.

Contact information

Please call Customer Service at the phone number printed on your ID card. Representatives can help you apply your rights, file a complaint or talk with you about privacy issues.
